

## RESPITE CARE SERVICES

Our Respite Care service provides short-term, flexible care designed to support individuals while giving families and informal carers time to rest, recover, or attend to other commitments. The service ensures continuity of care in a safe, familiar, and supportive environment, offering reassurance to both service users and their carers.

### OUR SERVICES INCLUDE

- Short-term personal care and daily living support
- Day, overnight, or extended respite arrangements
- Support with medication prompting, meals, and hydration
- Support in the individual's own home or agreed care setting
- Companionship and emotional reassurance
