

E-Health
Care Agency

Short Term Care Service

Our Short-Term Care service provides temporary, person-centred support for individuals who require care for a limited period due to illness, injury, hospital discharge, carer absence, or a change in circumstances.

Our Services Include:

Personal care and daily living assistance

Post-hospital discharge and step-down support

Medication prompting and health monitoring

Support with nutrition, hydration, and routines

Emotional support, companionship, and social engagement

Mobility, rehabilitation goals, and daily routine support

Planned or emergency short-term care arrangements
